

Roster of Campers, Counselors, and Support Staff for 1982 - the First Summer of TrailRide Mountain Camp

This list was compiled using the lists we gave the calligrapher (they didn't have computerized calligraphy in 1982 or at least not in Mitchell County) to label the appreciation certificates we gave each person who endured some or all of that first summer. Some people stopped through as visitors and stayed a couple of days, some were parents who lent extra moral or financial support or even stayed and worked on staff, some were friends, but most of the names on this list were campers and staff who came to help build the camp. Some came for a week and others came and stayed all summer. And for most, this was their only year at TrailRidge. For whatever time you came and for whatever help you gave...we were and still are most appreciative. You did, after all, "blazed the trail."

The names are not necessarily in alphabetical order. I'm typing them up directly from the master list we gave the calligrapher. If you don't see your name here, please let me know and it will be added. Thanks.
